1. Introduction

The intention of this document is to clarify the procedures for promoting positive relationships between staff and students in the School. We believe that positive relationships are essential for promoting effective learning.

The School is fully committed to ensuring that all our policies and procedures are student centred.

Policy Principles	Policy Actions
The best interests of the child must be a priority in all actions concerning children.	<ul style="list-style-type: none"> All staff will actively consider what is in the best interest of children when applying our behaviour management systems. This applies to individuals who are subject to particular sanctions and those students whose best interests are not being served by the behaviour of others.
Every child has the right to say what they think in all matters affecting them, and to have their views taken seriously.	<ul style="list-style-type: none"> Staff must listen to students prior to applying sanctions. The views of students must be taken seriously.
Every child has the right to an education. Secondary education must be available to every child. Discipline in schools must respect children’s human dignity.	<ul style="list-style-type: none"> Students do not have the right to disrupt the education of others. The school is supporting the rights of the majority when a minority do not meet our expectations. We will not apply serious sanctions, i.e. fixed term exclusions, which temporarily remove the right to education without due care and consideration.

Consistency in all that we do is essential if students are to feel fairly treated. It is therefore vital that all staff seek to work within these parameters. At the heart of good teaching are high expectations regarding student behaviour. We have a responsibility to hold students to account for their behaviour whilst looking to support their learning at every opportunity.

Our expectations must be clearly understood by all students; however it is vital that we should remember that we are working with young people. They will at times make mistakes; and perhaps show poor judgement. Our response should always be to look for learning opportunities, with all young people. The educational philosophy that ‘every child matters’, supports our vision for “Success for All”.

At the centre of any good school are positive relationships with students. If relationships break down for whatever reason, it is incumbent on us as adults to look to restore the relationship through Behaviour Recovery.

2. Detentions

Detentions are a useful sanction and should be set by individual staff/teachers, leaders of learning, pastoral team and members of the senior leadership team. Students not attending detentions can be referred to leaders of learning/Heads of Year for appropriate action to be taken.

Parental consent is not required for detentions, but teachers should not issue a detention where they know that doing so would compromise a child’s safety.

Detentions could be between 10 and 40 minutes. Anything above 10 minutes parents/carers will be notified. The detention should be purposeful and where possible catch up on missed work.

Students who are late for lessons/activities should make up the lost time at the end of the day and students who truant lessons/activities should make up the lost time in detention.

[When using detentions as a possible sanction please refer to section 7, sanctions guidance chart, level 1, level 2 and level 3]

A break/lunchtime detention can be used for students who misbehave at these times. Students will be allowed a reasonable time to eat, drink and use the toilet.

3. Reports

The purpose of a report is to monitor students throughout the school day. Students on report must ensure that it is checked regularly.

- When students go on report the member of staff placing the student on report will contact the parents to explain the system and inform them that detentions will be set if expectations are not met.
- Students on report will be signed off daily by the monitoring member of staff and parents will be expected to do the same.
- Students achieving positive feedback should be congratulated, however if a teacher completes the report with just negative comments, they should also set an appropriate sanction and record this on SIMs/Classcharts.

[When using reports as a possible sanction please refer to section 7, sanctions guidance chart, level 2 and level 3]

4. The 'Parking' System

Follow departmental strategy ['parking' timetable needed].

To be used as an occasional and short-term means of removing a student from a classroom. The parking system works in the following manner:

- If after applying a range of behaviour management strategies a student is not meeting a teacher's high expectations they give this student a warning that their behaviour could lead to them being 'parked'. This warning should be clear to the student.
- When possible a student should be escorted to the room where they are to be 'parked' and supervised.
- Suitable work should be provided for the student.
- At the end of the lesson the teacher will go to the room where the child is 'parked' and the incident recorded on SIMs/Classcharts.

[When using the 'parking' system as a possible sanction please refer to section 7, sanctions guidance chart, level 2 and level 3]

Notes:

- Sending a student out of your room to be 'parked' is a temporary measure and will need following up quickly to ensure that the student is reintegrated back into lessons as soon as possible.
- Staff should be aware of students with SEND and any students with exit/time-out cards. They need appropriate consideration, which may include cooling-off time.

5. Internal Exclusion/Isolation

Isolation is to be used as an alternative to Fixed Term Exclusion (FTE).

Isolation operates throughout the school day, with different break and lunch times to the rest of the school. The length of an isolation will depend upon a number of factors: the seriousness of behaviour that has caused the referral, and the

general conduct of the student in question. It is likely that a student who is persistently poorly behaved may receive longer isolation.

To be effective:

- Assistant Headteacher Behaviour and Standards and Key Stage Directors need to approve the placement of a student in isolation.
- Suitable work should be provided for any student in isolation.
- Pastoral Team/Senior Leadership Team will monitor the behaviour of students in isolation.
- Reflection sheet will be completed and discussed.

6. Fixed Term Exclusion

Exclusions from Holly Lodge High School will only be used as a last resort rather than a normal sanction for poor behaviour. It will be used when a range of other disciplinary procedures have been tried and found ineffective. Excluding a student from school is a serious measure and as such needs careful deliberation. A student's exclusion can be fixed or permanent. Only the Headteacher has the right to decide to exclude a student and determine the length of the exclusion. When doing so parents/carers must be informed without delay.

(Refer to the exclusion policy)

7. Sanctions Guidance Chart

This chart is intended to act as guidance only, it is vital that we use our professional judgement in making decisions that are often complex and involved. If further guidance is required you should speak to a leader.

If phoning home, do check with Head of Year to check that it is appropriate.

8. Behaviour Management Checklist for Staff

“Expectations”, “Uniform” and the “Rewards and Sanctions” posters (which should be displayed in each class room for staff and students to see) are attached as appendices to this document.

Outstanding behaviour management relies upon a number of important elements, including: adult’s model expected behaviour; we focus on encouraging positive behaviours; we are consistent and fair in applying our procedures and we have very high expectations of students and their behaviour.

To achieve outstanding behaviour management, teachers should use the following strategies:

1. All staff to meet and greet students at the door and have a seating plan.
2. Be well prepared and have differentiated resources ready in advance.
3. Know the names of students and the role of any adults in the class.
4. Have clear routines for each phase of the lesson.
5. Understand the special needs of students and how to respond appropriately to them.
6. All staff to model the behaviour expected of students.
7. Act consistently within our behaviour procedures and avoid overreacting to poor behaviour.
8. Avoid being drawn in to confrontation with student.
9. Only raise your voice if necessary.
10. Avoid whole class sanctions resulting from the poor conduct of just a few students.
11. Give students ‘choices’ and create opportunities for them to back down.
12. Allow students to flee a situation if they wish too, do not block their passage or attempt to restrain them, but deal with the matter later.
13. Allow students time to calm down before talking to them.
14. Give students ‘take up time’ to process instructions.
15. All staff to log all incidents on SIMs/Classcharts, negative and positive.
16. Always follow the principles of Behaviour Recovery when behaviour incidents occur.
17. Praise positive behaviour and notice when students make good choices.
18. Don’t take things personally.
19. Remain calm.
20. When a matter has been dealt with, don’t hold a grudge; let it go.

In behaviour management consistency is everything

Appendix 1

Expectations

All staff have the right to:

- Feel safe
- Be respected
- Teach without distraction
- Ask you to work to your full potential
- Ask you to behave in a reasonable manner
- Ask you to wear your uniform correctly
- Ask you to sit in a seat where they think you will learn best

Staff Responsibilities

All staff will be positive role models and will:

- Arrive on time
- Have the correct resources for your lesson
- Prepare engaging learning activities
- Help you make further progress
- Mark your work and provide feedback
- Treat you fairly
- Listen carefully to students
- Be polite to you at all times
- Only raise their voice if necessary
- Expect the very best from you
- Challenge poor behaviour
- Dress appropriately
- Leave their work place clear and tidy

All students have the right to:

- Feel safe
- Be respected
- Learn without distraction
- Achieve to their full potential
- Be treated as an individual
- Enjoy success

Student Responsibilities

All students will need to follow these routines in lessons and expect to be challenged if not meeting our expectations:

- Wear the correct uniform
- Arrive on time for lessons
- Sit in the correct place
- Have the correct equipment
- Listen carefully to instructions
- Do not shout out
- Allow classmates to learn without disruption
- Be fully involved in learning activities

Appendix to Positive Behaviour and Discipline Policy September 2020

We recognise as a school that returning after such a long time at home presents a unique and challenging set of circumstances. We accept that students will take time to settle in and establish themselves in a routine and that it will feel strange for them to be back in school and in classrooms with their friends. Some students may feel anxious or nervous about their return to school and so extra pastoral care and support will be available on request. Students can use the ClassCharts wellbeing module to report how they are feeling.

There will be some additions and amendments to school rules for students to follow. These have been made to ensure the safety of students and staff and should be taken very seriously.

Student Bubbles

Students must respect the revised day to day expectations of the class 'bubbles' and wider school.

Students should adhere to the revised rules and expectations for entering and exiting the school site and follow specific routes to each zone. When in their zone students should stay in their own rooms unless directed otherwise and remain at their desk. Students should only interact with others in their own bubble throughout the school day. Students should only use the designated toilets in the zone and will be given instructions as to where their social space is for break and lunch.

Behaviour that wilfully undermines the safety measures that the school has put in place will be treated as high level behavioural incidents and sanctioned accordingly. Students who cannot follow the rules will be asked to leave and will not be allowed to return until a conversation has taken place with the family.

Examples might include:

- Deliberately ignoring the safety measures put in place by the school
- Leaving their designated bubble
- Spitting at another student/member of staff
- Deliberately coughing at a student/member of staff
- Behaviour or language that is intended to cause alarm or distress to students/staff about the current situation

Face Masks

Students are required to wear a mask if they use public transport to attend school. Students will wear a mask on site in the communal areas such as social spaces and in the corridor.

Equipment

It is crucial that students come to school fully equipped and ready to learn. As it is no longer practical to ask to borrow equipment from friends or members of staff if an item is forgotten, students should bring to school two pens, two pencils a ruler and a calculator.

We would also ask students to bring tissues to school so they can cover their mouth if they cough or sneeze. If students have sanitiser they will be allowed to apply it at regular intervals although students will also have the facility to wash their hands with soap and water in the toilets.

Uniform

A full school uniform is to be worn at all times. However, if a student has PE on a certain day they will come to school in their school PE kit and wear that for the day.

Mobile Phones

The rules on mobile phones remain unchanged, in short they should not be seen or heard on the school site or within the school building.

Entering and Leaving the School Site

Students will be given instructions about which entrances that they may or may not use. Please note that at the end of the school day there will be no facility for students to stay on site to wait for friends or transport.
